

Inside this download folder you'll find

1. BONUS track #1 Pre-Faded Jeans – This is the song I'm talkin about. Totally sums up what happened in my blog post, but the nuances are slightly different.... Yet that nuance makes ALL the difference – You might def. want check this track out...

2. BONUS track #2 – "We Appreciate" and "Creator" (this is the working titles btw, might change it)

* "We Appreciate" doesn't necessarily sum up what happened in my blog post, but it says the fundamental MESSAGE of it clearly... ALSO: it's a real peak behind the curtain because it's one of the tracks I made for that social media company I mentioned before. And unfortunately I can't give you the whole track because it is most likely appearing on my next record:) So I cut it in half like a sample mini dog you might get at the grocery store:)

3. BONUS track #3 – To make up for that half-track teaser, I'm gonna let you hear the ORIGINAL version of C'mon Baby Let's Fly... It was too raw... too personal, and I kinda regretted putting it on my album – So I had to take it down from Spotify (and consequently the whole 'Single' album as well)...

But for such an inside group like my email subscribers who are with me and paying attention, I am happy to open up and share it:)
